Thought for Thought

Most people seek after what they do not possess and are enslaved by the very things they want to acquire. - Anwar El-Sadat

Tips & Information

Make a commitment to recycling as much as you can in your household. Along with reducing your consumption and reusing all that you can, recycling can help to reduce the amount of items going into your garbage each week and will ensure that you're contributing to a sustainable and long-term commitment by many communities across the world to making the most of our resources. By recycling regularly, you show other people that it is possible, a good thing to do and that it makes a difference.
